

# SERVICES FOR INDEPENDENT LIVING

INCLUSION | INTEGRITY | INNOVATION

## MISSION STATEMENT

To empower persons with disabilities to lead inclusive lives through advocacy, community engagement and self-directed services.

## INDIVIDUAL SERVICES

### INDEPENDENT LIVING SKILLS TRAINING (ILST)

Individual and group classes that help each person gain and maintain skills at their own ability level, to live independently in the community. Topics vary at the choice of participant's interest and personal goal.

### PERSONAL CARE ASSISTANCE PROGRAM (PCA)

Personal Care Assistance program is offered to those who are working, actively job searching, or attending post-secondary training, to hire and manage their own personal care assistants. Program is contracted with Opportunities for Ohioans with Disabilities.

### PEER SUPPORT

Individuals with disabilities supporting each other through group discussion or one-on-one, to complete specific goals related to their greater independence, as it relates to them and their disability.

### RELOCATION

Ohio's Home Choice program supports eligible participants in relocating from a long-term care facility, back into the community of their choice.

### TRANSITION

Working with youth who are no longer in high school, gain skills needed to enter the workforce, post-secondary, or become a more independent member of their community. Pre-Employment Transition Services are for students 14-22, referred from OOD, preparing youth for transition into adulthood through instruction on self-advocacy, job exploration, post-secondary counseling, and work readiness.
